File size : 22867 KB

Print length : 508 pages

As an insider to the Routledge Maritime Masters series, I'm excited to share my perspective on this groundbreaking collection of books.

Routledge Maritime Masters is a series of authoritative, up-to-date, and accessible books on all aspects of maritime history, naval history, shipping, shipbuilding, and seafaring. The series is published by Routledge, a leading academic publisher with a long history of publishing high-quality books in the humanities and social sciences.

The Routledge Maritime Masters series was founded in 2006 by Professor Erik van der Doe, a renowned maritime historian and author. The series' goal is to provide readers with the latest scholarship on all aspects of maritime history and culture. The books in the series are written by leading scholars in the field, and they are all meticulously researched and beautifully written.

The Routledge Maritime Masters series has been praised by scholars and reviewers alike. The books in the series have been called "essential reading" for anyone interested in maritime history and culture. The series has also been praised for its wide range of topics, its high-quality scholarship, and its beautiful production values.

I'm proud to be a part of the Routledge Maritime Masters series. I believe that the books in the series are making a significant contribution to the field of maritime history and culture. I encourage you to explore the series and discover the many fascinating books that it has to offer.

**Here are some of the key features of the Routledge Maritime Masters series:**

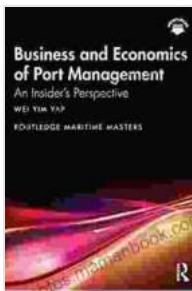

- **Wide range of topics:** The series covers all aspects of maritime history and culture, from ancient seafaring to modern shipping.
- **High-quality scholarship:** The books in the series are written by leading scholars in the field, and they are all meticulously researched and beautifully written.
- **Beautiful production values:** The books in the series are all beautifully produced, with high-quality illustrations and design.

**Here are some of the books in the Routledge Maritime Masters series:**

- **The Oxford Handbook of Maritime Archaeology** by Alexis Catsambis, Ben Ford, and John F. Cherry
- **The Oxford Handbook of the History of Seafaring** by John B. Hattendorf and Richard W. Unger

- **The Oxford Handbook of Naval History** by Lawrence Sondhaus and Craig L. Symonds
- **The Oxford Handbook of Shipping and Maritime Economics** by Alan M. Wilde
